projects in Aragon.

20th March 2024

Palacio de Ferias y Congresos de Málaga, FYCMA
Av. de José Ortega y Gasset, 201
29006 Málaga

RESOURCE is funded by the European Commission under the Horizon 2020
research and innovation programme under Grant Agreement N° 101060142

Información resumida del evento/actividad

RESOURCE tiene como objetivo estudiar las oportunidades de financiación privada que puedan necesitar Proyectos Circulares, proyectos empresariales basados en procesos de Economía Circular, CE (en sus siglas en Inglés), y facilitar su desarrollo gracias a fondos privados, y/o públicos en su caso.

El proyecto tiene como objetivo desarrollar una metodología que garantice la viabilidad e interés de los proyectos de CE para su financiación con fondos del sector privado a través de: por un lado, una mejor gobernanza y organización innovadora del ecosistema de apoyo a los servicios empresariales, y por otro, esquemas de financiación innovadores para impulsar la inversión privada para proyectos de CE.

Durante la jornada de hoy se presentarán los proyectos en ronda de inversión seleccionados en una primera fase piloto de RESOURCE.

RESOURCE, REgional project development aSsistance fOr the Uptake of an aRagonese Circular Economy, financiado por la Comisión Europea en el marco del programa Horizonte Europa, tiene como objetivo garantizar un alto grado de replicabilidad de las soluciones de Apoyo al Desarrollo de Proyectos, PDA (en sus siglas en inglés) y servicios relacionados para difundirlos en toda Europa.

Summary information of the event/activity

RESOURCE aims to study the private funding opportunities that Circular Projects, business projects based on Circular Economy processes, may need, and to facilitate their development thanks to private funds, and/or public where appropriate.

The project aims to develop a methodology that guarantees the viability and interest of Circular Economy projects, CE projects, for their financing from private sector funds through: in one hand an improved governance and innovative organization of the business service support ecosystem, and on the other an Innovative financing schemes to boost private investment for Circular Economy project.

During this session the projects in investment round selected in a first pilot phase of RESOURCE will be presented.

RESOURCE, REgional project development aSsistance fOr the Uptake of an aRagonese Circular Economy, funded by European Commission under Horizon Europe program aims to ensure a high degree of replicability of the PDA, Project Development Assistance solutions and related services to disseminate across Europe.

Nota de prensa/Press release

RESOURCE pilots at the Transfiere Forum, a matchmaking opportunity to engage investors

February 1, 2024

Transfiere, European Forum for Science, Technology and Innovation, will hold its 13th edition on March 20 to 22 in FYCMA (Trade Fairs and Congress Center of Malaga). Its aim is to support sharing scientific and technological knowledge, connecting the Spanish R&D&I ecosystem with the global environment and linking science and business.

The RESOURCE project is organizing a side event at the **Transfiere Forum** titled **“RESOURCE INVEST EU: presentation of the first round of promising pilot projects in Circular Economy in Aragón”** on **March 20th**. During this session selected entrepreneurs will present their pilots to a selected group of investors.

Transfiere is one of the R+D+I events in Southern Europe whose mission is to improve business competition to create business opportunities, with productive networking days. It brings together, at the international level, the main players of the innovation ecosystem, with space for networking and for presentation of prototypes, while focusing on funding opportunities for innovative projects, calls for entrepreneurship, investment and talent. With the 4th edition of the Open Call for Star-tups, it will also once again offer emerging deep tech companies from different countries to present their project to a crowd of national and international investors.

Stay tuned to our PR for more information!
